

SAŠA ĐEKIĆ

PROFILE

A motivated, adaptable and responsible person seeking a position in an IT company which will utilize the professional and technical skills developed through past learning and working experiences in this field. I have methodical, problem-focused approach to work and a strong drive to see things through to completion.

In my current job, I have managed to build applications that helped me to manage some aspect of my work and also to automate some things in daily work with software I work with - ASW: ERP.
